

Request for change: Release of personal survey data

In 2011, National Household Survey (NHS) questionnaires included a question about the release of personal survey information after 92 years. This form allows you to change your response to this question.

- I authorize Statistics Canada to change my response to the consent question on the 2011 NHS questionnaire.

Note: A separate form is required for **each** member of the household who wishes to change their response to the consent question for the NHS.

Please provide the following information for the person requesting change:

1. Name

2. Current mailing address

3. Address in May, 2011

4. Date of birth (required for validation purposes only) _____

5. Current phone number _____

6. Requested change (check applicable box)

- I agree to make my NHS information available for public release 92 years after 2011 in 2103.
- I do not agree to make my NHS information available for public release 92 years after 2011 in 2103.

7. Signature of applicant* _____

***If the person authorizing a change of response is currently under the age of 16**, a parent or legal guardian may sign in his or her place. In all other cases, only the person authorizing a change of response may sign.

8. Date _____

Mail completed form to:
